- Partnered directly with C-suite and senior leadership to execute workforce planning strategies aligned to Accenture Cloud First's \$3B growth roadmap.
- Led DEI hiring initiatives contributing to measurable increases in diverse candidate slates across cloud and technology functions.
- Mentored junior recruiters and sourcers, standardizing best practices in sourcing technique, ATS hygiene, and candidate experience.
- Leveraged advanced AI recruiting tools and LinkedIn Talent Insights to reduce sourcing time by 30%+ and surface passive talent faster.
- Drove employer branding initiatives in collaboration with HR and marketing, enhancing Accenture's talent reputation in competitive cloud talent markets.

DELOITTE CONSULTING LLP — Cloud & Engineering Practice

2020 – 2022

Talent Acquisition Business Partner

Supported Deloitte Consulting's Cloud & Engineering Practice — recruiting SAP consultants and cloud transformation professionals across AWS, Azure, and GCP

- Managed 40–60 open requisitions simultaneously across experienced hire, consulting, and technical roles, including SAP consultants, cloud architects, data engineers, and strategy professionals.
- Delivered consistent time-to-fill of 35–50 days on niche cloud and consulting roles in a highly competitive talent market.
- Tracked and reported recruiting KPIs including time-to-fill, offer acceptance rate, cost-per-hire, and turnover risk indicators — using data to refine strategy.
- Implemented inclusive sourcing practices that helped Deloitte consistently meet diversity hiring targets across all business lines.
- Developed and delivered training on Workday, Beamery, and LinkedIn Recruiter — driving seamless adoption of new technology and boosting recruiter productivity.
- Served as a strategic TA advisor to hiring managers, conducting calibration sessions, enabling structured interviewing, and improving decision quality.
- Contributed to process improvement projects focused on candidate experience, employer branding, and workflow optimization.
- Facilitated workshops, user guides, and one-on-one coaching to elevate recruiter capability across the talent acquisition function.
